Hiking Rules:

Everyone hiking today must sign the hike register and must have completed and signed a waiver.

DO NOT HIKE if experiencing fever or flu-like symptoms, or if you have been exposed to COVID-19, or believe you may have been exposed to someone with COVID-19.

Photos and GPS tracking are allowed on SW hikes; however, publishing photos, maps, tracks, or coordinates, or identifying sensitive areas such as ruin sites and rock art, is strictly prohibited. This restriction includes print media and internet web sites.

Hikers will practice a Leave-No-Trace policy, avoid sensitive soil, and respect wildlife.

Each hiker must have sufficient water (at least two liters, more on hot days), and wear lug-soled hiking boots.

Each hiker will stay between the leader and tailgater at all times, observe at least 6 feet of physical separation between hikers, and hike in single-file.

Hikers must not merge groups of 10 or change their assigned groups.

Hikers must turn off cell phones except in an emergency, and then use only with the Leader's consent.

Notify the Leader immediately of illness or injury.

All hikers are expected to complete hikes. In the case of illness or injury, a hiker may leave the hike with the consent of the Leader if accompanied by two people, at least one of whom knows the trail.
